

## LED-technology by horizont klemmfix

- long-lived light emitting diodes instead of bulbs
- eliminating the need of bulb replacement
- reduced overall running costs
- extended battery life
- environment friendly
- reliable, robust
- great efficiency

### Single-Battery-Lamp

#### SOLOLite LED

- light emitting diodes instead of bulbs
- Photo-cell control
- ON/OFF, steady/flashing
- battery change without dismantling the lamp
- reduced service costs
- operation with only one battery 4R25
- universal Security-Uni bracket for securing to barriers and poles, Ø 50mm and □ 50mm

Accessories and spare parts  
please find on page 10  
Batteries please find on page 75

Ref.-no.	Packing Unit
<b>25221</b> bi-directional, amber	<b>6</b>
<b>25223</b> bi-directional, red	<b>6</b>

**Flash rate:** approx. 60/min.

**Operation/h approx.:**

**1 x 7Ah** flashing: 1,700  
steady: 425

**1 x 50Ah** flashing: 8,000  
steady: 2,000

**Weight:** 0.74kg with Secura
